President's Message, Term 4 - 2017

Welcome to Term 4. The Ekka is over for another year and we are now on the downhill run to Christmas. I think the old adage that time goes faster as you get older is true.

In Term 3 there were 256 classes in City Campus and the Districts. U3A Brisbane prides itself on covering all of Brisbane City and Logan City, a huge geographical area. Organising so many classes takes an enormous investment in time and requires skill. Gail Hawkins is responsible for all the City Campus classes, Gwenn Ball looks after the Computer Section, and five Coordinators (Anna Blake, Rod McLary, Chris (Nobby) Hobbs, Allan Wishart and Martin Bridgstock with Marg Ancliffe) take care of the Districts. Special mention should be made of Gail who has a particularly challenging task in trying to accommodate the wishes of the 105 tutors and requirements of the 142 classes involved in the city campuses. It is a credit to her skill that all of these classes operate seamlessly throughout the term.

There are 98 District classes held in various locations such as local libraries and halls. Logan District is the largest district and is responsible for conducting about 50 classes. Members may not be aware that there is also a City Precinct district with classes in the Brisbane City Council Library and the State Library of Queensland. In addition, with classes being held in venues stretching from Wynnum to the northside, southside and westside of the Greater Brisbane area, there are plenty of options for those who cannot get into the city. Next time you are singing the praises of U3A, mention that there are classes being held all across the region. All the relevant information and contact details of our Districts are available on our website: u3abrisbane.org.au

Our tutors, as is everyone associated with the administration of U3A, are all volunteers, and have the demanding task of preparing material and teaching classes each week. They are the lifeblood of U3A's function and purpose and we are greatly indebted to them. If you are interested in leading a class, please contact the appropriate coordinator as shown on p.4. You will be most warmly welcomed to the team.

It always gives me a great deal of pleasure and satisfaction to see the many happy faces going into both the Creek and Adelaide Street venues, all looking forward to another great day at U3A Brisbane. We must be doing something right to keep so many people happy. When entering the lift in Adelaide Street I quite often get a kick out saying "All for the 5th floor?" which normally gets a reply like "How did you know?" and my usual answer is "The hair colour is a bit of a giveaway!"

MAMMA MIA, THE MUSICAL – LYRIC THEATRE

Over 60 million people around the world have fallen in love with the story and music that makes this the ultimate feel-good musical. Does U3A have your Email and Mobile Phone Details?

U3A Brisbane relies on the speed and low cost of electronic communications. If you have an email address but are not receiving the Monthly E-News, please contact the office to advise us: mail@u3abrisbane.org.au

We also now have an SMS Alert system so that we can quickly advise members of late changes or cancellations of classes. We need your mobile number to send messages in such situations. Please check with the office if you are unsure if have your number.

If you have changed your email, phone details or street address recently, please also let us know.

IT Group Coordinator wanted

The U3A IT Group is a special interest group that has existed within U3A Brisbane for 20 years. It meets monthly on Saturday mornings for presentations by various speakers on IT-related topics. The group has its own mailing list of 180 members and the meetings usually attract an audience of 30-40 people. Helen Carberry has coordinated the group for the last 10 years but is unable to continue after this year.

The Management Committee would like to thank Helen for her great contribution during this time and also express appreciation to the many speakers who have made the IT Group possible.

It is time to pass the baton to someone else. Helen says that coordinating the IT Group has been a very worthwhile and rewarding role and she hopes there is an enthusiastic person amongst our membership willing to nominate for the role and perhaps bring some fresh ideas about how the IT Group might continue.

Please email enquiries to Helen at:
itgroup@u3abrisbane.org.au

U3A Future Planning

The U3A Management Committee is holding a Strategic Planning Workshop in mid-September. Our objective is to put aside the day-to-day issues that we typically deal with and consider longer term goals. The aim is to develop a 3-year Strategic Plan for the period 2018-2020.

U3A Brisbane is one of the largest U3As in the world, and has successfully transitioned in recent years to a modern organisation. We have leveraged modern technology for efficient administration and have developed a city campus which provides classroom accommodation of a very high standard.

However, we cannot stand on our laurels if we are to keep pace with the learning needs of retirees. We will consider the strengths and weaknesses of our current organisational structure and competencies, and plan for ways in which we can continue to improve.

We invite all members to help us with this task. Please forward your ideas and suggestions for improvement to the Secretary:
secretary@u3abrisbane.org.au

During the year we study Hilary Mantel's two Booker Prize winning novels: 'Wolf Hall' and 'Bring up the Bodies'. These two works of historical fiction are brilliantly written and, because they are also challenging for the reader, we go slowly. As well as

appreciating the texts, we spend time on their social, political and religious contexts. For example, we touch on The War of the Roses, on Henry VIII's court and many other aspects of Tudor England. The events are seen through the eyes of Thomas Cromwell.

NEW

Bernie Hoesman 3366 2619

Email: bhoesman@brisnet.org.au

Music is everywhere. In the concert hall, on videos, CDs and movies. Even the mobile phone 'ring tone'. Do we/you listen to music or merely hear the sounds? But "hearing" and "active listening" are two different skills. Together we explore the building blocks of music - rhythm, pitch, form, expression etc - through listening to excerpts from some of the great music of yesterday and today. In this way we study the totality of music, explained in terms that are clear, precise, meaningful and entertaining. We enhance the musical experience by learning to listen to music with a greater understanding of its substance and appreciation.

We will consider the meaning of social justice and its contested nature. We will then proceed to look at aspects of Australian society - for example, inequality, gender, race, sexuality and ageism to help determine how fair/socially just Australian society really is. There will be a \$5 cost per term for photocopying.

L73 AUSTRALIAN LITERATURE IN CONTEXT

Elizabeth Woolaston 3374 0610 0402 431 929 (5 - 7 pm)

Email: ejwoolaston@hotmail.com

What does Australian literature tell us about our history and how does Australian history inform our literature? Literature is another vision of history - it is a different prism through which we can view the past in order to reveal the experiences, values, attitudes and beliefs of people from particular times and places. Conversely, in order to understand literature one has to take into account both the culture and the society that gave rise to it in the first place.

Australian literary texts, which may include poetry, short stories and film from the 20th century will be studied within this framework of understanding.
