President's Message, Term 3 2018

Not only has winter arrived with cool days and crystal blue skies but Winter School, our premier event, is almost upon us. Bookings are now open and, if you haven't already made your choices, I would suggest you do so without hesitation as some talks reach capacity very quickly. There is a wide range of exciting and informative presentations on offer this year and the only problem you will have is being spoilt for choice. Prices remain the same as last year with presentations in the city at \$5 per head. The one exception is the Keynote address at the State Library of Queensland which is \$10 per head. As always, you can book online at www.u3abrisbane.org.au or contact the office on 3236 3055. See pages 4 and 5 of this issue for a summary of the program. The full program is available on the website or at the office.

The time has also come to choose your classes from the class schedule for Term 3. I would urge you to enrol immediately as many classes fill very rapidly and, although we are doing our level best to keep up with demand by recruiting new tutors and starting new classes, it is still a good idea to enrol in your choices as early as possible to avoid disappointment.

May I also suggest looking at the classes available in the districts? They cover from Bracken Ridge to Beenleigh and Wynnum to Westside, and details of their classes are included in this publication. Not only might you find a space in your preferred class, it might be closer to home and save you a trip into the city.

Have you ever thought of joining a tour or event organised by U3A's very active social group? All you have to do is book through the office, turn up at the appointed time at the appointed place, and enjoy a good day out in the company of fellow U3A members. One such upcoming event is *Christmas in July* at St Bernard's Hotel, Mt Tamborine on 19th July. Bookings have just filled, but there are always late cancellations so contact the office and join the waiting list if you are interested in attending. Details of this and other future events can be seen on our Social Group page on the website.

This is a great time of the year so, when you are not attending a U3A class, get out and enjoy this magnificent winter weather in our beautiful city and spare a thought for those poor souls in southern climes who look enviously north and wish they were so lucky.

Wishing all members a very happy and fulfilling Term 3.

This is a 2nd year class, following on from "Literature in Context 1". We are reading 'A Suitable Boy' by Vikram Seth, a big novel set in post-Independence India. Following that, there are some intriguing suggestions for books dealing with White Settlement of Australia, and maybe an understanding of the appalling Justice system that saved people from the rope but condemned them to the Prison Hulks and thence transportation. Our benchmark, though, is always the literary quality of the texts .

During the year we study Hilary Mantel's two Booker Prize winning novels : 'Wolf Hall' and 'Bring up the Bodies'. These two works of historical fiction are brilliantly written and, because they are also

challenging for the reader, we go slowly. As well as appreciating the texts, we spend time on their social, political and religious contexts. For example, we touch on The War of the Roses, on Henry VIII's court and many other aspects of Tudor England. The events are seen through the eyes of Thomas Cromwell. I hope to start on 'Bring Up the Bodies' in Week 3 of Term 3.

M35 MUSIC IS (ACTIVE LISTENING 1)

Bernie Hoesman 3366 2619

Email: bhoesman@brisnet.org.au

Music is everywhere. In the concert hall, on videos, CDs and movies. Even the mobile phone 'ring tone'. Do we/you listen to music or merely hear the sounds? But "hearing" and "active listening" are two different skills. Together we explore the building blocks of music - rhythm, pitch, form, expression etc - through listening to excerpts from some of the great music of yesterday and today. In this way we study the totality of music, explained in terms that are clear, precise, meaningful and entertaining. We enhance the musical experience by learning to listen to music with a greater understanding of its substance and appreciation.

Mary Mahon 3865 3316 0421 280 343 (9 a.m. to 5 p.m.)

Email: marymahon410@gmail.com

We will explore Australian poetry starting from the First Settlement up to the 21st century. Each session will be divided into two sections. The first part of each lesson will be the study of an Australian poet and his/her poems. This will be followed by 'Class Sharing' where people will be asked to suggest poems from any country or era for the class to read. This could include poems written by class members. The aim will be to eventually put together a class book of poems to be published. It is expected that not everyone will wish their work to be published but their input into the poetry sessions will be just as valuable.

Many cultures have historically attached special significance to Sirius, the brightest star in the night sky. Our Julian calendar is based on the Ancient Egyptian knowledge of the heliacal rising of the star Sirius with our Sun which is also a star. Historically, when the dominant geocentric belief was challenged by the radical scientific heliocentric model of Copernicus, Galileo and Bruno, they were persecuted. This PP presentation is an illustrated journey of discovery expanding IDEAS about our Cosmic connections, encompassing the earth, the stars, ancient and modern cultures, religions, philosophies, science and politics.

The Reformation was 500 years old in 2017, so it's appropriate to re-examine the Bible with fresh eyes and updated information including recent historical and scientific evidence. This non-religious course applies the integrated nature of the text to enable members to learn to unlock the meanings of difficult passages for themselves by using the Bible to interpret the Bible.

Each week examines one or more passages in detail. Members may nominate topics. Suitable for new and continuing members.

E28 SOCIAL JUSTICE & AUSTRALIAN SOCIETY

Ongoing

Lawrence di Bartolo

Email: ldibartolo3@gmail.com

We have heard the term 'fairness' used quite often by our political leaders and others in positions of power. But what does this term mean? Does it mean equal opportunity for all? Should it mean more than this if Australia is to be the egalitarian society it claims to be? We will consider the meaning of social justice and its contested nature. We will then proceed to look at aspects of Australian society - for example, inequality, gender, race, sexuality and ageism to help determine how fair/socially just Australian society really is. There will be a \$5 cost per term for photocopying.

Grange Library

Wednesday 10:00am - 12:00pm

You are advised to keep and bring along a folder for the sessions - and come with paper and pen.
