## President's Message, Term 4 2022

We are rapidly approaching the end of 2022. It has been an eventful year and restrictions have not been eased as early as we had hoped. However, we are now coming into the warmer months and the 'flu season is nearly over.

**U3A Brisbane will remove its COVID Vaccination Policy in Term 4.** We still strongly encourage members to carry a mask and wear it if in congested spaces, wash hands frequently and maintain distance if possible. Also please stay home if you are not well.

The kitchens will reopen in Term 4. I'm hoping we can, in the words of the old song, return to the way we were.

Some of the wonderful new or recent classes available include an opportunity to find out *How the Universe is made* with Ian Stuart. You can find out how food energy is measured with Yvonne Webb or learn how to *Manage your Life with Excel* with Sue Robb. You can *Have fun with Numbers* or learn a language or play some board games to challenge your mind. There are many more options and I find myself spoilt for choice as I try to decide what I shall taste from this banquet of knowledge.

I would like to thank the hard working team that volunteers their time and makes our U3A work so professionally and smoothly:

Office Volunteers led by Yvonne McGann

City Campus classes Coordinator, Gail Hawkins.

District Coordinators – Mary Calder, Bernadette Ketter(Logan), Rod McLary (City Precinct and Northside), Pat Collins (Southside), Carmel Lafferty (Westside), Chris Hobbs (Wynnum).

ICT Manager, Greg Taylor who ensures that our membership and class administration systems keep pace with our business rules and cyber security measures.

The Management Committee.

and all the other volunteers who work so hard behind the scenes to make it all happen.

It has been a difficult few years and we should appreciate the gift of life as never before. Venture into something new. Have fun. Encourage your friends and acquaintances to join us as members of U3A.

Enjoy life. Be happy.

Best regards,

Des Taylor  
President

## **PLEASE ENROL NOW**

Our two City Campus venues are open in Term 4 under our COVID Safe rules. All classes are now a maximum 75 minutes, except for a small number of double-length classes which are now possible. More than 100 face-to-face classes are available in City Campus.

Many district face-to-face classes are also open. Face-to-face classes are required to strictly adhere to our COVID Safe plans as published on our website home page.

Our COVID Vaccination Policy **will no longer apply** from Term 4.

**It is important that members enrol for Term 4 classes as early as possible as many classes are subject to a room capacity limit. Tutors can also roll over class members from Term 3 into Term 4.**

### **Class Enrolment Procedure**

Members can enrol in a Term 4 class in one of three ways:

Use *Class Search* on the website to find your class, then click the *Enrol* button to submit your enrolment application to the tutor.

**OR**

If you wish to continue in a class in which you were enrolled in Term 3, use *Member Dashboard* on the website to **re-enrol**.

**OR**

Contact the tutor directly by email or phone. Please advise the tutor of your membership number. Some tutors do not list their contact details for privacy reasons, but you can contact them through *Class Search* on the website.

### **Feedback**

If you have any questions or comments about U3A in the current situation, please email to:

[feedback@u3abrisbane.org.au](mailto:feedback@u3abrisbane.org.au)

## City Campus operations

COVID-19 is still with us. We have a COVID Safe plan and a list of precautions which will be implemented to reduce risk to our members who are in the most vulnerable age group.

### Class fees

**Class Fees must be paid in advance.** These should be paid online if possible to avoid congestion and delays at the office. They can also be paid at the Creek St office, but remember to stay 1.5m apart if waiting your turn at the office. If bringing cash, please have the correct amount to facilitate the process. Credit cards are preferred. Zoom class fees have a fee of \$25 and should be paid online, also before term starts.

### General Rules for both Creek and Adelaide Street

**To avoid congestion and keep us all safe:**

- Class times will be staggered. **Check your class time carefully.**
- Class duration is 1 hour 15 minutes.
- On arrival, go straight to your classroom if possible.
- Remember to stay 1.5m apart.
- Kitchens will be open, but it is still a good idea to bring your own water. Foyers will also be open with seating.
- We are using our own QR Code system to register attendances. You will find a printed QR Code in your classroom or near the entrance. Please read the instructions in the link below for how to use this code, and practise to make sure your phone will read the QR Code. Install a QR Code Scan app if necessary.  
<https://www.u3abrisbane.org.au/index.php/qrcode-attendance-system>
- If you do not have a phone that you can use, then another class member can enter your number on their phone to register your attendance. You must know your U3A number.
- At the end of your class please leave the premises immediately. Do not stop to chat in the foyer. You can organise coffee with friends outside.
- Carry a face mask and wear when appropriate.

- **No sharing and no physical contact if possible**
- **Do not attend if you are unwell.**

### Toilets

Use the supplied sanitiser frequently, especially if you go to the toilet. Remember to wash your hands thoroughly, but also use the sanitiser as well when you return. Stay 1.5 m away from other people and if necessary wait outside if it is too crowded.

### Adelaide St

- There are a **maximum of 6 people permitted in the lift**. There are 2 lifts – one at each end of the corridor.
- Remember to stay 1.5 m apart while waiting for a lift. Class times have been staggered, so this should help congestion.
- After class, if you are able, you may use the stairs to descend, otherwise maintain the 1.5m distances while you wait for the lift.

## **Membership Renewals**

Membership renewals for 2023 are now payable, and are \$45 per annum.

Paying online is a great help in streamlining our administration. Our online payment system has been in operation for ten years and is safe, secure and convenient. Just go to our website [www.u3abrisbane.org.au](http://www.u3abrisbane.org.au) and click on *Member Payment* on the lower menu. You can choose to pay class fees at the same time if you are enrolled in a City Campus class. You will be asked for your membership number, surname and credit card number.

No password is required for this purpose. You can use only Visa, Mastercard or PayPal for online payments. There is also an option to pay by Bank Transfer, whereby you will be provided with our account details.

If necessary, you can contact the office on: **07 3236 3055**.

# Class Schedule for Term 4 - 2022

## Term Dates:

Term 3 ends on Friday 16th September. Term 4 starts on Tuesday 4th October and finishes on Friday 9th December.

**Irrespective of whether you are enrolling in a face-to-face class or an online or other class type, please enrol as normal for Term 4 as tutors will continue to provide learning resources and run online classes.**

## Inactive Classes

Inactive classes are **not shown** in this schedule. These are classes where the tutor intends to restart at some time in the near future. Although these classes are not listed here, they are shown on the website under *Class Search* but are highlighted with an orange bar.

## Zoom Classes

These classes are being conducted online as interactive video sessions using Zoom software. If you have not enrolled in a Zoom class before, you are encouraged to do so. It is not difficult as a participant since you only have to click on a link sent by the tutor prior to the session.

## Face-to-face classes

These are identified in the schedule.

## Class Fees

To attend any classes, you must be a current financial member of U3A Brisbane (\$45 per year). For City Campus face-to-face classes, class fees must be paid in advance for the term (typically \$40 - \$50). For Zoom classes, the fee is \$25 per term.

## Class Enrolments

You can enrol in a class using *Class Search* on the U3A website, or by contacting the tutor directly. To re-enrol in an existing class, you may use the *Member Dashboard*. If you enrol online you may assume that your enrolment is accepted unless the tutor advises otherwise.

## Class Attendance

Each week, use the camera app to scan the U3A class attendance QR code. This will be on a sheet inside the venue or in your classroom. Remember to avoid congestion.

This is a repeating course each term and each class is recorded, so you don't have to worry about missing any. In this course I introduce the basics of European honey beekeeping at home and two classes on native bees. Preventing disease and managing pests of a honey bee hive would take an hour per month in Spring and Summer and you may get 20kg of honey per month. I kept honey and native bees for over 7 years in Brisbane, before I moved to the Sunshine Coast. I had up to 13 hives.

Over the next 14 years, he wrote and directed a string of films that were popularly and critically successful, leading him to Hollywood and international fame. Several critics believe Hitchcock's British films to be better than his later Hollywood ones. Certainly, his early films gave him the chance to learn and polish his craft, to explore such genres as comedy, the who-dun-it, mystery stories, chase stories and costume melodramas, as well as graduating from silent to talkies.

**J68 LATIN - ADVANCED**

**Face-to-face class**

**Laurie Gaffney**

The aim of the course is to enrich our knowledge, appreciation and enjoyment of both the language and the literature of the "golden age" of classical Latin. An underlying premise is that in a close study of the literature, a deeper knowledge and understanding of the language is to be found. There are two elements to the course. The first is an ongoing survey and study of the literature of the period from Cato (as precursor) to Juvenal and Apulius. The works are studied within the historical, political, and social contexts in which they were produced. The second part of the course consists of the reading and reciting of Virgil's Aeneid.

Recent finds are causing a re-examination of the century and our ideas about it. Classes cover a wide range of subjects, both serious and light-hearted. Each is self-contained, but helps build a broad picture offering insights into life in those times.

The urge to understand the skies, the motions of the planets, and the nature of the stars, only grew stronger as modern science evolved. From ancient Egyptian calendars to the telescopes of modern science, humans have always looked to the skies for fundamental answers. Modern Astronomy links the sacred skies of our ancestors with the human desire to understand our origins, our place in the Universe and the beginning of life on earth. This illustrated Journey of discovery is focused on the myths, ideas and science of the star Sirius, the brightest star in the night sky. PowerPoint Presentation plus extension articles emailed.
