President's Message, Term 2 2023

Hello all

This is my last message as President in our class schedule. I became President in April 2020 and my 3-year term is now up. It has been a challenging time but I am pleased that we have managed to retain our city venues and are still financially viable although our position is not as strong as it was prior to COVID. However, our membership is growing again and new tutors are joining us so the future looks positive. I hope you are looking forward to your Term 2 classes as much as I am. I'm intending to continue my current classes but, as I will have a reduced workload, I may be able to fit another class in. I always find too many classes that I want to do and not enough time to try them all.

I would like to thank my Management Committee who have been wonderful to work with: Gabrielle Power West (Vice-President), Joan Mackay (Treasurer), Mary Denver (Secretary), and the other committee members: Mary-Anne Scott, John Galligan, Nick Bricknell and Martin Bridgstock, and all the wonderful tutors, volunteers and members who make U3A possible.

Remember to enrol early in your Term 2 classes because places are limited in many classes. Tutors set class numbers depending on the style of class they run and sometimes there are other constraints such as room capacity. This is true of our city venues but also for classes in other venues such as libraries when room limits apply.

A new term is a wonderful opportunity to perhaps enrol in a new class to challenge your mind and make new friends. It is also a time to catch up again with old friends. Keep an eye out for new events to enjoy when the new Social Committee gets organised.

Stay safe. Enjoy life.

Des
Des Taylor
President

UPCOMING SOCIAL EVENTS

You can keep up to date with the latest 'SOCIAL EVENTS' on the U3A website:
www.u3abrisbane.org.au

The new 2023 Social Committee is currently being formed. There will certainly be activities later in the year and these will be advertised in the eNews and on Social Events page on the website.

Office Hours during holidays

The Creek Street office will be **closed** during the term break and will re-open on Monday 17 April. However, phone enquiries can be made to 07 3236 3055.

Please bear in mind that the phone is staffed entirely by volunteer U3A members, and they need a break after a very busy term, so please avoid calling during the holiday break if possible. The phone may go to message-bank at times, but your call will be actioned.

It helps us very much if you communicate all enquiries by email. Our volunteer staff will call you back if necessary. Email the office at: mail@u3abrisbane.org.au

Special Online Events 2023 - free to U3A members

Remember that, in addition to our face-to-face and Zoom classes, U3A Brisbane offers an exciting calendar of free online events every month.

These interactive Zoom presentations, with topics ranging from music to neuroscience and technology to driver safety, were enjoyed by hundreds of our members last year.

Events and their presenters are profiled in our monthly eNews and on the home page of our website. Just click on the link to book.

PLEASE ENROL NOW

Our two City Campus venues are open in Term 2 under our COVID Safe rules. All classes are now a maximum 90 minutes, except for a small number of double-length classes which are now possible. **More than 110 face-to-face classes** are available in City Campus.

More than **60 district face-to-face classes** are also available. Face-to-face classes are required to adhere to our COVID Safe plans as published on our website home page.

Additionally, we offer **40 Zoom classes** that you can attend online.

It is important that members enrol for Term 2 classes as early as possible as many classes are subject to a room capacity limit. Tutors can also roll over class members from Term 1 into Term 2.

Class Enrolment Procedure

Members can enrol in a class in one of three ways:

Use *Class Search* on the website to find your class, then click the *Enrol* button to submit your enrolment application to the tutor.

OR

If you wish to continue in a class in which you were enrolled in Term 1, use *Member Dashboard* on the website to **re-enrol**.

OR

Contact the tutor directly by email or phone. Please advise the tutor of your membership number. Some tutors do not list their contact details for privacy reasons, but you can contact them through *Class Search* on the website.

Feedback

If you have any questions or comments about U3A, please email to:

feedback@u3abrisbane.org.au

City Campus Procedures

COVID-19 is still with us. We have a COVID Safe plan and a list of precautions which have been implemented to reduce risk to our members who are in the most vulnerable age group. We have adopted standardised timeslots for classes so that it is easy for members to attend two or more successive classes.

Class fees

Class fees must be paid in advance. These should be paid online if possible, to avoid congestion and delays at the office. They can also be paid at the Creek Street office but remember to socially distance if waiting your turn at the office. If bringing cash, please have the correct amount to facilitate the process. Credit cards are preferred. Zoom classes have a fee of \$25 and should be paid online, also before term starts.

General Rules for both Creek Street and Adelaide Street

(Remember: Do not attend if you are unwell)

Check your class time carefully. (This can be done on the Member Dashboard)

Class duration may be up to 90 minutes. Some classes have a double session, but this can only be done by special arrangement organised in advance by the Tutor.

Kitchens will be open, but it is still a good idea to bring your own water. Foyers will also be open with seating.

We are using our own QR Code system to register attendances. You will find a printed QR Code in your classroom or near the entrance. Please read the instructions on the website home page about how to use this code, and practise to make sure your phone will read the QR Code. Install a QR Code Scan app if necessary.

This will be **required each time you attend a class.**

If you do not have a phone that you can use, then another class member can enter your number on their phone to register your attendance. **You must know your U3A number.**

Remember to avoid congestion if possible.

Carry a face mask and wear when appropriate.

Adelaide Street

There are a **maximum of 6 people permitted in the lift**. There are 2 lifts – one at each end of the corridor.

Remember to socially distance while waiting for a lift. Class start times may vary, so this should help congestion. You may use the stairs to descend if you wish.

Membership Renewals

Membership renewals for 2023 are now payable, and are \$45 per annum.

Paying online is a great help in streamlining our administration. Our online payment system has been in operation for ten years and is safe, secure and convenient. Just go to our website www.u3abrisbane.org.au and click on *Member Payment* on the lower menu.

You can choose to pay class fees at the same time if you are enrolled in a City Campus or Zoom class. You will be asked for your membership number, surname and credit card number.

No password is required for this purpose. You can use only Visa, Mastercard or PayPal for online payments. There is also an option to pay by Bank Transfer, whereby you will be provided with our account details.

If necessary, you can contact the office on: **07 3236 3055**.

Did You Know? ...

U3A Brisbane's most popular class category is *Languages*, with **70 classes offered**.

Thanks to our skilled Tutors, you can learn *French, German, Italian, Latin, Spanish, Arabic, Auslan* (sign language), *English* (as a second language), *Indonesian, Japanese, Mandarin, Russian* and *Thai*.

Most languages are offered at various levels: *Beginner, Intermediate* or *Advanced*, so there is usually something to suit any ability. Check out the classes available using the Index on p.10, or use *Class Search* on the website.

Class Schedule for Term 2 - 2023

Term Dates:

Term 1 ends on Friday 31 March. Term 2 starts on Monday 17 April and finishes on Friday 23 June.

Irrespective of whether you are enrolling in a face-to-face class or an online or other class type, please enrol as soon as possible for Term 2 to ensure your place.

Inactive Classes

Inactive classes are **not shown** in this schedule. These are classes where the tutor intends to restart at some time in the near future. Although these classes are not listed here, they are shown on the website under *Class Search* but are highlighted with an orange bar.

Zoom Classes

These classes are being conducted online as interactive video sessions using Zoom software. Zoom classes are identified in **blue** in the schedule and in Class Search on the website. If you have not enrolled in a Zoom class before, you are encouraged to do so. It is not difficult as a participant since you only have to click on a link sent by the tutor prior to the session.

Face-to-face classes

These are identified in **green** in the schedule and in Class Search on the website.

Class Fees

To attend any classes, you must be a current financial member of U3A Brisbane (\$45 per year). For City Campus face-to-face classes, class fees must be paid in advance for the term (typically \$40 - \$50). For Zoom classes, the fee is \$25 per term.

Class Enrolments

You can enrol in a class using *Class Search* on the U3A website, or by contacting the tutor directly. To re-enrol in an existing class, you may use the *Member Dashboard*. If you enrol online you may assume that your enrolment is accepted unless the tutor advises otherwise.

Class Attendance

Each week, use the camera app to scan the U3A class attendance QR code. This will be on a sheet inside the venue or in your classroom. Remember to avoid congestion. After you have initially scanned the code, you can go to your seat to enter your member number and surname.

That said, there are certain fundamentals of drawing that we will aim to cover, including pencil techniques, values and shading, perspective and proportions, to create a solid foundation and build confidence in using pencil for different drawings.

Mystery moved to the centre of Hollywood storytelling in the 1940s: crime, melodrama, romance, comedy and even westerns and musicals tossed in a mystery or two. The storytelling had to nudge the audience into noticing that some information was missing. Then the search for explanation began. Films will include "Citizen Kane", "Letter to Three Wives", "The Big Sleep", "Out of the Past", "Laura", "Daisy Kenyon", "Rebecca", "Pursued", "Roxie Hart" and "Lady in the Dark".

Y01 BIHEMISPHERIC PHILOSOPHY *NEW*

Face-to-face class

William Grey

We have a bihemispheric brain, and it turns out (for good evolutionary reasons) that our right and left hemispheres have different ways of experiencing the world and different opinions about it. Many philosophical disputes can be framed as differences in left and right hemisphere modes of experience. Our hemispheres have different ways of establishing truth and knowledge (different epistemologies) and different ways of construing the world that we gain knowledge about (different metaphysical conceptions). We will examine some of the problems considered in Y06 'Thinking about the Future' from a bihemispheric perspective

J68 LATIN - ADVANCED - LANGUAGE & LITERATURE OF THE CLASSICAL PERIOD

Face-to-face class

Laurie Gaffney

The aim of the course is to enrich our knowledge, appreciation and enjoyment of both the language and the literature of the "golden age" of classical Latin. An underlying premise is that in a close study of the literature, a deeper knowledge and understanding of the language is to be found. There are two elements to the course. The first is an ongoing survey and study of the literature of the period from Cato to Juvenal and Apulius. The works are studied in their historical, political, and social contexts. The second part of the course consists of the reading and reciting of Virgil's Aeneid.

Cheryl Hayden

Everyone loves Cornwall, but what makes it so special? We start by taking a journey through the

Cornwall we see and read about in popular culture: the Poldark series, Doc Martin, and the novels of writers such as Daphne du Maurier and Rosamund Pilcher. Then we visit Cornwall's ancient Celtic past, its struggle for autonomy after the Norman conquest, its rebellious Reformation (and perhaps we'll join a rebel army), the world of tin and copper mining, the great migration to the 'new world' and artists' colonies. Finally, we look at Cornwall today, and what it means to be Cornish.

Y20 HISTORY OF IDEAS

Face-to-face class

Krystyna Soler

Email: ksoler@bigpond.net.au

The urge to understand the skies, the motions of the planets, and the nature of the stars, only grew stronger as modern science evolved. From ancient Egyptian calendars to the telescopes of modern science, humans have always looked to the skies for fundamental answers. Modern Astronomy links the sacred skies of our ancestors with the human desire to understand our origins, our place in the universe and the beginning of life on earth. This illustrated journey of discovery is focused on the myths, ideas and science of the star Sirius, the brightest star in the night sky. PowerPoint presentation plus extension articles emailed.
